We procured the new bonds, and were ready and willing to fund said debt; but in the meantime the United Statessupreme court rendered a decision (Harshman against Bates county) declaring said bonds nul and void, and the decision of our state supreme court stoppen as from further action in the meter; afterward the United States supreme court stoppen as from further action in the meter; afterward the United States supreme court sndered a decision, reversing its former decisiin (Johnson vs. Cass county) thereby declaring said bonds to be valid after a large amount of interest had accrued thereon. Our stats supreme court still holds the bonds to be null and void.

In view of the present conflict between the federal and state courts, and the injustice and imposition by which the said debt was fastened upon us, as well as our inability to pay the same, we have had good cause to defer its payment by compromise or otherwise. We now offer to settle the debt by compromise, not because we regard it as a just or legal debt, but in order to prevent annoyance and unjust reflections on our good name; therefore we sak the holders of Washington township bonds to meet us in a spirit of equal justice and filmess in settling this debt so unjustic end filmes in settling this debt so unjustic end filmes in settling this debt so unjustice and filmes.
